

Welcome to the Nitro Jam drag racing series and the Rocky Mountain Nationals. You are about to join hundreds of other racers in the quest for the Ironman and have the best racing experience of your life.

We'd like to answer some questions you might have at this time.

1. When you arrive at the holding lot, you should have been handed a ticket with numbers. The last three digits of that number should be written on your windshield. This is very important, as we will sell you credentials in the order you have arrived in the holding lot. If you did not get a ticket/number, please ask the guard at the entrance to the holding lot to give you a number.

If you are racing in the ET class and you are "pre-parked" you will need to come to the holding lot to be credentialed. Please get a number when you arrive, we will wait on all competitors based your arrival number.

2. Please do not drop your trailer, if you must drop your trailer – please drop it in the north lot.
3. When the IHRA credentials trailer opens; we will wait on you, based on your arrival number.
4. Please bring your ticket, photo id and everyone in your rig up to the credential trailer. All competitors and all crew member must sign the waiver and must show photo id.
5. All of your team will need to sign the waiver, and show photo id. (Minors under the age of 18 cannot legally sign the waiver, a legal guardian must do this for them)
6. We will call out numbers, so please listen. We do our very best to take care of you in numerical order. Sometimes, racers are not available, and we may skip over a number. Please understand that we are doing our best to move you inside the gates as quickly as possible, and if you are ready, this helps us.
7. If you have team or family members arriving later, you may purchase their credentials and leave them with us in RACER WILL CALL. Please request an envelope when you sign the waiver.
8. After you have visited the IHRA credential trailer, you will go back to your rig.
9. We will have someone to release you from the holding lot.
10. Please unlock the door to your trailer, we will check the rigs as they pull through the gate, and this will speed up that process.
11. When you move into the track – look for the "Wait here for Officials" sign. We will have someone park you, please do not park yourself. We have carefully planned the parking and traffic patterns inside the pits.
12. Have a great time; we'll see you in the winner's circle!
